The San Francisco Viking Soccer Club is seeking coaches for the girl's and boy's Developmental Travel Team Program.

## **Philosophy and Mission of the Program**

The foundation of our Travel Team Program is individual player development. We believe that having fun and developing as a player are inseparable and we promote a spirit of cooperation and competition.

Our Travel Teams foster the physical and mental development that is necessary to excel at soccer in a healthy, character-building environment that encourages each child to achieve his or her highest potential. Winning games is not the mission of the travel program.

Our mission is player development in a competitive arena.

## **Coaching Objective**

To develop and instill the important life values of individual and group effort, group trust and loyalty, sportsmanship and soccer playing skills of the San Francisco Viking Travel Team player in the most learning efficient and positive playing environments available.
